

Prompts for Garden Video Storytelling: Kids

Feel free to use all of these prompts, or choose your favorites.

- What is your favorite part of the garden? Why do you like that part?
- What is something from the garden that you think you'll remember when you're 25?
- What is your favorite thing to cook or eat from the garden? Why?
- What is something new that you tried in the garden? Did you like it?
- Why is it important for kids to have gardens?
- What advice would you give to the kids who visit this garden next year?
- If you had a teacher who had never gardened with kids, what would you tell them?
- If you were giving a tour of your garden to the President, what would you say?

Thank you for helping us tell the stories of youth gardens throughout Wisconsin!
